Your Very First SET® Game!

Start playing SET with your students as early as age 3! SET Junior’s two-sided board is designed to grow with the students. Side 1: Kids match their tiles to squares on the board. They start to recognize *SETs* while matching the color, number and shape. Point chips reward students for completing *SETs*. Side 2: Once kids know what a *SET* is, it's time to flip the board and have fun racing to find as many *SETs* as they can! The thicker tile-like cards are easier for little hands and the point chips make scoring fun. Just like the original SET game, SET Junior was made as a game of fun, but also sharpens kids minds as they play!
