

## SOLITAIRE INSTRUCTIONS

**THE OBJECT:** To close out all 11 hands.

**THE DEAL:** Deal out 11 piles with 3 cards in the first pile, 4 in the second, 5 in the third, etc. with the eleventh pile having 13 cards. Each pile is equal to a hand. Lay out each of the 11 hands so you can view all cards. The first pile is the 3 card hand, in which 3s are wild; the second is the 4 card hand in which 4s are wild, etc. You may not move cards between hands.

**THE PLAY:** From the cards remaining in the deck, turn over the top card. Looking at all the hands, play the card in whichever hand you feel will benefit most, and discard one card from that hand. The discard can't be used again. When a hand is able to go out, (according to the normal Five Crowns rules) turn it over. Continue to draw cards from the deck, one card at a time, until either all hands are turned over (you win), or the stack is depleted before you close all the hands (you lose).
